Group 10	Real Estate	Instagram Marketing, Facebook Ads, Customer Reviews, Loyalty Marketing
Group 11	Travel Agency	YouTube Marketing, Instagram Reels, Facebook Lead Ads, WhatsApp Business

Objectives

After completing this activity, students will be able to:

1. Explain the importance of creating an online presence for businesses.
2. Plan a user-friendly business website.
3. Select an appropriate domain name and website type.
4. Identify relevant keywords for Search Engine Optimization (SEO).
5. Recommend suitable web hosting and CMS platforms.
6. Design a simple mobile and SMS marketing strategy.

Activity Instructions

Each group will continue with the **same business** assigned in Activity 1 and prepare a **Digital Presence Blueprint**.

Action to be Performed by Students

Task 1 – Design the Online Presence

Decide where your business should have an online presence.

Include:

- Website
- Google Business Profile
- Facebook Page
- Instagram Account
- YouTube Channel
- LinkedIn (if applicable)
- WhatsApp Business

Task 2 – Plan the Website

Draw a simple homepage layout on chart paper or PowerPoint.

Include:

- Business Logo
- Navigation Menu
- Banner Image
- About Us
- Products/Services
- Testimonials

- Contact Details
- Social Media Icons
- Call-to-Action Button

Task 3 – Select the Website Type

Choose the most suitable website.

Examples:

- Corporate Website
- E-commerce Website
- Portfolio Website
- Educational Website
- Booking Website
- Informational Website

Justify your selection.

Task 4 – Select a Domain Name

Suggest three domain names.

Example:

- www.greenbasket.in
- www.greenbasketmart.com
- www.shopgreenbasket.in

Select the best one and explain why.

Task 5 – Identify SEO Keywords

List **10 keywords** customers may search for.

Example (Restaurant):

- Best Restaurant
- Family Restaurant
- Veg Restaurant
- Pizza Near Me
- Online Food Order
- Restaurant Offers
- Home Delivery
- Lunch Deals
- Dinner Buffet
- Food Near Me

Task 6 – Select Hosting & CMS

Recommend:

Hosting

- Shared Hosting
- Cloud Hosting
- VPS Hosting

CMS

- WordPress
- Shopify
- Wix
- Joomla

Explain why your choice is suitable.

Task 7 – Mobile Marketing Strategy

Prepare:

- Two SMS promotional messages
- Two WhatsApp promotional messages
- Three Push Notification ideas

Example: 🎉 Weekend Offer! Flat 20% OFF on all bakery items. Visit Today!

Presentation

Each group will present in **6 minutes**.

Presentation should include:

- Online Presence Plan
- Website Wireframe
- Website Type
- Domain Name
- Keywords
- CMS Selection
- Mobile Marketing Strategy

Expected Learning Outcomes

At the end of the activity, students will be able to:

- Plan a business's online presence.
- Design a simple, user-friendly website layout.
- Select appropriate domain names and website types.
- Identify SEO keywords for better online visibility.
- Recommend suitable web hosting and CMS platforms.
- Develop practical mobile and SMS marketing campaigns.
- Improve digital communication, teamwork, creativity, and presentation skills.

Assessment Rubric (10 Marks)

Criteria	Marks
Online Presence Planning	4
Website Design & UX	4
Domain Name, Keywords & CMS Selection	4
Mobile & SMS Marketing Strategy	4
Presentation & Team Coordination	4
Total	20

Below is a **20-Mark** Analytic Rubric for Classroom Activity 2 – "Design the Digital Presence of Your Business".

Criteria	4 Marks (Excellent)	3 Marks (Good)	2 Marks (Satisfactory)	1 Mark (Needs Improvement)
Online Presence Planning	Develops a comprehensive online presence plan by selecting all relevant digital platforms with clear justification aligned to the business objectives.	Develops a suitable online presence plan with most relevant platforms and adequate justification.	Identifies only a few digital platforms with limited justification or business relevance.	Online presence plan is incomplete, inappropriate, or lacks justification.

Website Design & User Experience (UX)	Website layout is well-organized, visually appealing, user-friendly, includes all essential pages, and demonstrates excellent UX principles.	Website layout is organized with most essential elements and demonstrates good usability.	Website layout includes basic elements but lacks clarity, navigation, or user-friendly design.	Website design is incomplete, poorly organized, or does not consider user experience.
Domain Name, Keywords & CMS Selection	Selects an appropriate domain name, identifies highly relevant SEO keywords, and recommends a suitable CMS with strong justification.	Selects a suitable domain name, relevant keywords, and CMS with adequate justification.	Selects basic domain name, limited keywords, and CMS with minimal justification.	Domain name, keywords, or CMS selection is inappropriate or lacks justification.
Mobile & SMS Marketing Strategy	Develops creative, customer-focused SMS and mobile marketing campaigns that are practical, engaging, and aligned with business goals.	Develops relevant SMS and mobile marketing strategies with minor improvements needed.	Develops basic SMS/mobile marketing ideas with limited creativity or business relevance.	Marketing strategy is incomplete, irrelevant, or lacks practical application.
Presentation & Team Coordination	All team members actively participate; presentation is professional, confident, well-organized, within time, and effectively answers questions.	Most members participate; presentation is organized and clear with minor coordination or timing issues.	Limited participation by team members; presentation lacks confidence, organization, or time management.	Poor team coordination; presentation is unclear, incomplete, or unable to address questions.

Deliverables

Each group should submit:

1. **Digital Presence Blueprint (One Page)**
2. **Website Homepage Wireframe (Sketch or PowerPoint)**
3. **Website Type and Domain Name Selection**
4. **List of 10 SEO Keywords**
5. **Hosting and CMS Recommendation**
6. **Two SMS Messages and Two WhatsApp Promotional Messages**
7. **6-Minute Group Presentation**

This activity naturally extends the previous exercise. In **Activity 1**, students developed a **Digital Marketing Strategy**; in **Activity 2**, they translate that strategy into a **functional online presence and website plan** for the same business, making the learning progressive and practical.
